

Wetland Delineation

Saxonburg, PA

Client: R.S.S.I., Inc.
3910 Route 8
Allison Park, PA 15101

Site Acreage: 38

Robert Zwiersyinski – 412.486.1294

Work Timeframe: June 2004

Services completed: Performed a wetland delineation in accordance with the “Routine Onsite Wetland Determination Method” (three-parameter approach) described in the *Wetland Delineation Manual* (U.S. Army Corps of Engineers, 1987). The project included field delineation, field survey, and report preparation for the proposed site development of the 38 acre parcel.
